

CHRISTMAS BATTLESHIPS

Teacher's instructions:

Students work in pairs. Each student is given one grid and has a maximum of 8 crosses. Students can place crosses anywhere in their grid but without showing their partner. The aim of the game is to guess where their partner's crosses are. To find out the positions of the crosses students ask each other questions, such as: "Do you decorate the Christmas tree on Christmas Day?" Students can answer: "Yes, I do. " or "No, I don't." Tell students to mark the boxes they have already asked about. You can alter this activity to practice different tenses as well.

Do you...	Listen to the Xmas Carols	Decorate the Xmas tree	Watch TV	Visit relatives	Buy Xmas presents
Before Xmas					
On Xmas Eve					
On Xmas Day					
On New Year's Eve
