

THE INTERNET AND EMAIL

1. Write an **e-mail** to a friend of **60 - 70 words** in which
 - Invite your friend to your birthday party
 - Give him/her information about the place and date of the event
 - Describe the program of the party
 - Ask him/her to bring some CDs
2. Exchange your e-mail with your classmate, read it and write an e-mail declining/accepting his/her invitation.
3. In pairs discuss the following questions:
 1. How often do you use the Internet?
 2. What do you use it for?
 3. Can the Internet have negative impact on young people at your age? Why?
 4. What are some threats connected with using the Internet?
 5. Do you know any good web page? Tell about it more.
 6. What is your opinion about social networks?
 7. Can the Internet help you improve English skills? If yes, in what ways?
